

SDG 14 – Life Below Water

Sumgayit State University contributes to environmental awareness and responsible practices that support the protection of water resources. While the university does not directly manage marine ecosystems, it promotes sustainability principles through education, awareness, and responsible campus operations.

Key Results (2025)

- Number of participants in marine awareness programs: 44
 - Number of water quality monitoring activities: 2
 - Number of beach/coastal clean-up events: 3
 - Number of partnerships related to marine conservation: 1
 - Number of students involved in marine research: 6
 - Number of publications on marine ecosystems: 1
 - Water quality indicators monitored (# of sites): 5
-

Programs and Services

● Environmental Awareness and Education

SSU promotes awareness of environmental protection, including responsible use of water resources, through educational activities and sustainability initiatives.

● Responsible Water Use

The university manages water use within campus operations, supporting efficient consumption and reducing unnecessary waste.

● Integration with Sustainability Practices

Water-related considerations are included within broader sustainability and environmental responsibility efforts across the university.

Impact

Through awareness and responsible resource management, SSU contributes indirectly to the protection of aquatic ecosystems by promoting sustainable behavior and efficient use of water resources.

Institutional Support

- Facilities and infrastructure management
 - Administrative oversight of resource use
 - Integration with sustainability initiatives
 - Institutional commitment to environmental responsibility
-

Future Priorities

- Improve monitoring of water consumption
 - Strengthen environmental awareness activities
 - Integrate water sustainability into broader policies
 - Enhance data collection on water-related indicators
-

Evidence and Reporting

This page is based on institutional data collected for the 2025 reporting period and supports Sumgayit State University's Sustainability Reporting aligned with the Sustainable Development Goals (SDGs).
