

SDG 15 – Life on Land

Sumgayit State University contributes to environmental sustainability through responsible campus management, green spaces, and awareness of biodiversity and environmental protection. The university supports sustainable land use practices within its campus and promotes environmental responsibility among students and staff.

Key Results (2025)

- **Students engaged in soil research:** 5
 - **Soil/land research projects:** 4
 - **Land restoration initiatives:** 3
 - **Environmental awareness activities:** 5
 - **Campus land monitored:** 1 hectare
-

Programs and Services

● **Campus Green Spaces**

SSU maintains landscaped areas and green spaces that contribute to environmental quality and provide a supportive environment for students and staff.

● **Environmental Awareness and Education**

The university promotes awareness of environmental protection and biodiversity through educational initiatives and integration with sustainability efforts.

● **Responsible Land Use and Maintenance**

Campus infrastructure and maintenance practices support sustainable land use and preservation of green areas.

Impact

Through its campus environment and sustainability practices, SSU contributes to protecting and maintaining land-based ecosystems within its institutional setting. These efforts support environmental awareness and improve campus quality.

Institutional Support

- Facilities and campus maintenance services
 - Environmental and sustainability initiatives
 - Administrative oversight of infrastructure and land use
 - Institutional commitment to environmental responsibility
-

Future Priorities

- Improve monitoring of green spaces and environmental indicators
 - Expand environmental awareness activities
 - Enhance campus landscaping and sustainability practices
 - Strengthen integration of biodiversity considerations
-

Evidence and Reporting

This page is based on institutional data collected for the 2025 reporting period and supports Sumgayit State University's Sustainability Reporting aligned with the Sustainable Development Goals (SDGs).
