

SDG 9 – Industry, Innovation and Infrastructure

Sumgayit State University supports innovation, research, and infrastructure development by fostering academic excellence, technological advancement, and collaboration with industry. The university contributes to building knowledge-based capacity and promoting innovation-driven growth.

Key Results (2025)

- **Research projects conducted:** 1
 - **Scientific publications produced:** 12
 - **Partnerships with industry and institutions:** 8
-

Programs and Services

● **Research and Innovation**

SSU supports research activities across disciplines, encouraging innovation, scientific development, and knowledge creation.

● **Academic and Technical Infrastructure**

The university maintains laboratories, research centers, and academic facilities that support teaching, research, and innovation.

● **Industry Collaboration**

Partnerships with industry and external organizations enhance applied research, knowledge transfer, and practical learning opportunities.

● **Student Engagement in Innovation**

Students are encouraged to participate in research projects, innovation initiatives, and academic development activities.

Community Engagement and Impact

Through its research and innovation activities, SSU contributes to technological advancement and supports regional and national development. Collaboration with external partners strengthens the university's role in knowledge transfer and applied innovation.

Institutional Support

- Research centers and laboratories
 - Academic departments and scientific staff
 - Partnerships with industry and institutions
 - Infrastructure supporting innovation and research
-

Future Priorities

- Expand research output and innovation activities
 - Strengthen industry collaboration
 - Improve research infrastructure
 - Enhance student participation in research and innovation
-

Evidence and Reporting

This page is based on institutional data collected for the 2025 reporting period and supports Sumgayit State University's Sustainability Reporting aligned with the Sustainable Development Goals (SDGs).
